

Data Points

Issue 66

May 31, 2006

New Incentive Bond Year

A new Incentive Bond Year (IBY) began with April submissions. Year-end reports and reports for the new IBY are available on the Regional Reports and Upload web page.

Changes to “Drug Type Code” Valid Codes

Please be aware that the allowable values for the Client “Drug Type Code” fields (Client fields 58, 62, and 66) have changed. The full list of valid codes for these fields is included in Appendix C in the CMHC Data Submission Guide, available at http://www.rdmc.org/cmhc/reports/DSG_CMHC_C.rpt.

The list includes new codes recently added to the TEDS submission requirements; these new codes have a “5” as the third digit. The TEDS requirements also include the phasing out of five old drug codes (1102, 1606, 1607, 1608, and 1609).

BPRS on PDAs - Update

The BPRS program is being expanded to allow assessment submissions via PDAs (personal digital assistants). The forms will be loaded onto (and completed on) the PDAs; the data can then be sent directly to RDMC via modem. Several CSU's have been trained and are using the PDAs; several more are scheduled for training. We expect that submitting through the PDAs will ultimately save money by eliminating printing and mailing costs.

Kentucky County Quiz!

For fun, see if you can answer the following questions with Kentucky county names (answers next month).

Which Kentucky county has a name that...

1. ...is the name of the youngest man ever to serve as Vice President of the US (under James Buchanan); later he was a Confederate General?
2. ...is Lee's right hand man, Stonewall?
3. ...was Governor of New York, and Vice President to Jefferson *and* Madison?
4. ...was the Kentucky governor who refused Lincoln's call for troops.

Answers to last month's quiz:

Which Kentucky county has a name that...

1. ...is the "King of the Beasts"? **Lyon** (lion)
2. ...sailors must learn to tie? **Knot**
3. ...children make into dishes? **Clay**
4. ...was the "Steel Drivin' Man"? (John) **Henry**
